

Why use WizFolio

A simple way to organize references

Organize your references with folders and preview bibliographic information all in a single page.

You hate manual data entry. So do we.

Just key in a minimal amount of information (e.g., partial title, name of author) and WizFolio retrieves the matching bibliographic data for you.

Import references from Clipboard

Copy a huge list of references to the clipboard, and their full bibliographic data goes to your collection in a flash.

Locate PDFs faster and better than before

Click on "Locate PDF" to quickly locate the PDFs of your references, and easily integrate your institution library settings into WizFolio to retrieve subscription-based articles.

Obtain bibliographic data from PDF

Upload your PDFs and WizFolio will attempt to locate the bibliographic data.

WizCite — a true collaborative tool

Using WizCite, multiple users can cite in a single document and collect references from the document's bibliography.

WizAdd — grabs anything from the Web

WizAdd grabs bibliographic data from webpage into your WizFolio account. You can even capture text, images, links, and embedded flash videos!

Share with colleagues

Simply drag and drop your colleague into the folder and start sharing your references, annotated PDF files and even citation styles.

Continue using your current collections

Switching from other software to WizFolio is easy and seamless. Export your current collections to an .ris file and import it into WizFolio.

Say goodbye to endless updates

Because WizFolio is a web-based application, there's no need to update your software ever. We do it all for you.

Library Resources Integration

WizFolio can be integrated with your existing institutional library resources. These integrations will make WizFolio a natural extension of your library resources for your students and staff.

Training & Support
