Discussion items

Time	Item	Who	Notes
5min	Welcome /Introductions	Bridget Whittle	
	Canopus project update	Steve Marks	<ul style="list-style-type: none">• Working on the development on new DAMS at UofT Canopus - it is now in production!<ul style="list-style-type: none">◦ One of our issues has been lots of different platforms and keeping track of all of it and think/plan/address in a uniform way, tried to centralize, but there were always technical issues - scaling, suitability - Moved towards a DAMS model• Steve gave a demo of Canopus DAMS, showing the interface and discussed some of the reasoning behind the technical decisions• The DAMS is controlled by a series of APIs that do various tasks including retrieval, renaming, etc. If you need to pull all files from a collection, you can retrieve via identifier etc. through the API and show location etc.• The DAMS has enabled an analysis dashboard in kibana that provides counts of files, size, breakdown of types• This has been developed with Scholars Portal because it is a problem facing the whole OCUL community
5min	Goings-on at Scholars Portal	Grant Hurley	<ul style="list-style-type: none">• Permafrost - permafrost.scholarsportal.info if you have questions or are interested• Working on integrating dataverse and archivematica into production with core code in 1.9<ul style="list-style-type: none">◦ they are hosting an archivematica sandbox to test out - documentation https://spotdocs.scholarsportal.info/display/DAT/Archivematica+Demo+Sandbox◦ Grant gave a quick demo of sandbox - would love feedback, use cases, etc.• Digital Preservation Management Workshops will be happening at Ryerson, registration some point later in June• Integration with duracloud - mgmt layer to work with LOCKSS and OLRC• Working on TDR for journals migrating to markdown format to make it easier to edit and manage
2min	Call for New Moderator	Bridget	<ul style="list-style-type: none">• 2 year term• Welcome and add new members• Arrange community calls (somewhere between 2-4 a year)• Write yearly report to the OCUL board
