

TRAC2 3.5.1

3.5.1 - The repository shall have and maintain appropriate contracts or deposit agreements for digital materials that it manages, preserves, and/or to which it provides access.

Introduction

OCUL has identified the preservation rights necessary to enact SP's [Preservation Strategic Plan](#). To the extent possible, OCUL ensures that these rights are present in Provider license agreements. These agreements codify preservation rights, transfer procedures, transfer of responsibility, and the limits of liability.

See [3.5.1.1](#) , [3.5.1.2](#) , [3.5.1.3](#) , and [3.5.1.4](#) for full details.
